## Can You Help with Evangelism?

When it comes to the subject of evangelism, many people feel the only way they can be involved is by teaching. Teaching is very important and we need brothers and sisters to prepare themselves to be teachers to help instruct the lost to find their way to

the Lord. There are other ways in which you can aid in evangelism before you become involved in teaching. It is a matter of using the God-given talents and abilities the Lord has provided for you.

For instance, there are people in the congregation who have the ability to be very friendly and start conversations with others. If you cannot teach, why not direct others to those who can teach? Remember the little maid who directed Naaman's wife to seek out the prophet for Naaman? She did not have the ability to heal Naaman, but she knew where to direct him. As you start conversations with others, let them know that you can direct them to someone who can help them know and understand the Bible.

Silent partners are needed during Bible classes. Much can be learned while attending a Bible study with someone else. Many who have been silent partners are now successfully teaching because they have had the opportunity to listen and observe how studies are conducted. Why not consider being a silent partner?

There may be other areas in which you can be involved with the great work of evangelism. Prayers are needed by faithful Christians. Pray that the word of the Lord may have free course (2 Thess. 3:1), pray that the Lord would open up doors of utterance to speak the mystery of Christ (Col. 4:3). The work of evangelism can be supported financially as we give each first day of the week. Funds are distributed in the area of evangelism for needed materials to teach training classes and conduct classes. It would be ashamed for churches not to evangelize because there are no funds in the budget to carry out the Lord's work.

Everyone can do something. We hope and pray everyone will do their part to help the gospel sound forth from among the church that meets here.
