Help for the Sick

Being sick is never enjoyable. No one likes to suffer with pain and hurt. Sometimes when we are sick, instead of making an appointment with a professional doctor, we self-diagnose ourselves.

The same happens when individuals are sick with sin. Sin causes pain and hurt in life, but instead of making an appointment with the One who can provide help for the sin sick soul,

many will try to self-diagnose their problems. Jesus is the Great Physician and can provide all of the spiritual medicine that the world needs.

As in the physical world, doctors are assisted by a staff of workers. Jesus is the Great Physician but He needs a staff of people to bring others to Him.

It is such a privilege to be able to work in partnership with the Lord to help bring souls to Him. Just as staff members of doctors need specialized training, fellow laborers with the Lord need to have specialized training as well.

Our second round of evangelism training is starting and we hope you are making plans to attend so you can receive the specialized training. As we deal with those who are riddled with sin, it is important to be able to give individuals the proper treatment with the gospel. It is important for us to deal with doctors and staff members who have the proper "bedside manner." We must have this "bedside manner" when dealing with sin. Jude recorded, *"And of some have compassion, making a difference; and others save with fear pulling them out of the fire, hating even the garment spotted by the flesh"* (Jude 1:22-23). Paul states it this way, *"And the servant of the Lord must not strive, but be gentle unto all men, apt to teach, patient"* (2Tim. 2:24).

People who are living outside of Christ are sick and some do not even know it. We can help them make an appointment with the Great Physician Jesus Christ who can remove any sin that stains the soul. Will you prepare yourself so you can help those individuals who are sick?
