## Methods & Motivation Class - Round 2

We are so thankful to the brothers and sisters who have completed the first round of evangelism classes. The classes are designed to help brothers and sisters become more confident in teaching the word of God. It also provides several methods of study and suggestions on how to begin conversations with individuals to setup

Bible studies. There are several members who have completed the classes and have already conducted studies on their own. The students who have completed the classes have stated they have gained confidence to conduct studies with other individuals.

If you are thinking about enrolling in one of the classes, I would highly recommend you do so. Take some time to talk to others who have completed the classes. Those who have finished the course are listed on the Evangelism Board. Ask them about their experience in the class and what was helpful to them.

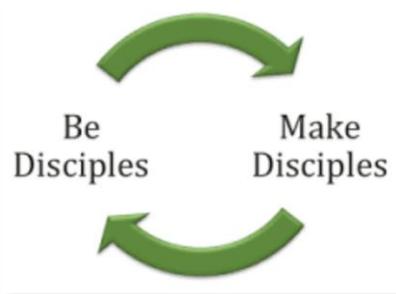

We want to equip as many members as we can to be able to teach the word of God to their friends, family members, and neighbors. The classes will help build your confidence in God, His word, and in yourself to allow the Lord to use you to teach others.

Attending the Methods & Motivation classes will also help our members understand what evangelism is all about. When everyone understands there is a role that everyone can play, it will make evangelism more effective and efficient. We want the entire congregation to be thinking “evangelistically” and these classes will help develop that. You may not be able to teach a class at this point, but there is something you can do to help the cause. When we all understand the urgency of evangelism, we will find and fulfill our role to help save souls.

Tasks as simple as leaving evangelistic cards at the doctor’s office, or giving a evangelistic card to a cashier or friend are ways in which each of us can be involved.

As we begin the second round of classes, be prayerful as you think about enrolling. There are spots available for an evening class. If you are interested please be sure to see me. Let’s continue to equip ourselves so we can become fellow-laborers with the Lord.
