

## Warmer Weather Means More Opportunities

**LET'S GET  
ENERGIZED  
ABOUT  
EVANGELIZM!**

It has been a very long Winter! We have not enjoyed much Spring weather because Winter has lingered a little longer than expected. The past few days have been beautiful and the Lord has blessed us with some wonderful weather. Now that the temperatures are getting mild, it is time for us to begin thinking about how we can take the gospel into our communities.

One of the ways we can spread the gospel is through our door knocking efforts. In a couple of weeks, I plan to go out each day for an hour into our community to knock doors. The goal is to either establish a personal Bible study or sign up individuals for a Bible correspondence course. If you would like to participate in this work, be listening for announcements beginning this week about it.

Last year during the Summer, we took several opportunities to attend a few city homecomings and movie nights to pass out water and literature. This is a way to scatter the seed of the word and to let the communities know about the local church. There will be plans to participate in these kind of events as well.

We are currently mailing over 4000 House to House packets throughout Troy, Maryville, and Collinsville. During the warmer times, we can plan a few literature distributions as well.

Of course, these endeavors will not be successful unless we have fellow laborers working together to spread the gospel. Continue to listen for announcements as these works begin. Pray for our evangelistic efforts as well and do all that you can to equip yourself for the work of the ministry. -K.A. Pugh
