

February 2010

Dear Brethren at Collinsville,

We have ended the 3rd quarter of the year and beginning the 4th quarter of the year. Studies are going great. It is a blessing to be studying Gods word daily.

I have been preaching for the Aubrey Church of Christ in Aubrey, AR regularly. The experience and training of preaching every Lords day is a great deal to my success as a gospel preaching and saving souls. Diane has been diligently working to prepare for the Memphis School of Preaching lectureship 2010. She was designated to organize the youth day meals, activities, and classes for children. Presley is doing great. She has recovered from her illness over the holidays and growing at a great rate. She is now two months old and weighing 12 pounds.

Diane and I are planning out our schedule to visit Lord willing all the congregations who are supporting us while we are in school. I am beyond measure forever grateful for your support and encouragement and Lord willing we will see you soon.

In him,

Jacob, Diane, and Presley Ravesloot
